

TigerTurf™
TIGERTRAX

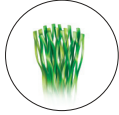

TigerTrax is the first softball specific infield surface designed to mimic compacted clay and create natural ball action for slappers and infielders. It doubles as the first synthetic filament warning track surface that meets all criteria for NCAA and High School Play.

The TigerTrax Warning Track technology allows for superior functionality and significantly decreases maintenance. It also eliminates the mold and mildew problem associated with some rubberized warning track surfaces.

The surface is spike and cleat friendly and does not create a slip or fall hazard that are common to pour-in-place systems.

TURF

PILE CONTENT	TenCate U.V. resistant XPS Slit Film
	
	HIGH SPLIT RESISTANCE FROM UNIQUELY ENGINEERED SLIT FILM DESIGN
PRIMARY BACKING	7.5 oz/yd ² ; Tencate K29 Backing (Double Layer Thiobac, black, U.V. stabilized; Layer 1: 100% PP, Layer 2: PET PP blend)
SECONDARY BACKING	20 oz/yd ² Polyurethane coating
TOTAL WEIGHT	71 oz/yd ²
PILE HEIGHT	1 1/4 inch
FACE WEIGHT*	44 oz/yd ²
MACHINE GAUGE	1/4 inch
SET UP	1 end/needle
ROLL WIDTH	182 inch
WATER PERMEABILITY	64.5 inches per hour
TUFT BIND (ASTM D1335)	> 8 lbs
GRAB TEAR (ASTM D5034)	420/258 lbs
PILL FLAMMABILITY (ASTM D2859)	Pass

BEST FOR BASEBALL,
SOFTBALL, INDOOR AND
MULTI-PURPOSE FIELDS

WHEN USED WITH LIGHTWEIGHT INFILLS

**MADE IN THE
USA**

YARN

DENSITY (DENIER)	10,000/1 (XPS)
THICKNESS (MICRONS)	120 (XPS)
MELTING POINT	128° C 260° F
BREAKING STRENGTH	24 lbs/force (XPS)
LEAD CONTENT (PPM)	<100

STANDARD COLORS**

Pile Height, Max Thickness, Face Weight, Primary & Secondary Backing, and Total Weight can differ by ±10%. The Stitch Rate will change according to the exact specifications and can differ by ±1. Roll Width can differ by ±0.8 inch.

TenCate Grass has the right to alter each product specification in order to improve the system according to the latest standards. TenCate Grass is not legally liable in case of noncompliance with the above mentioned specifications.

*Face Weight reflects entire length of yarn, including portion woven into backing, which is consistent with standard ASTM method of measuring tuft including back stitch.

For details on thatch color, refer to the Standard Color Sheet. *Lime Green is shown for color reference only. Lime-only turf is not available.
